

Curriculum vitae

Education

- October 2022, ongoing **Ph.D. in Management and Innovation**, *Università Cattolica del Sacro Cuore*, Milano, 3-years Ph.D. course in Innovation Studies, the main courses are about economics of innovation, economics of patents, green innovation and environmental sustainability, econometric and microeconometric methodologies for innovation studies. My research interests are the effects of labour-saving technologies on employment, in particular as a consequence of the green transition and from a gender perspective.
- September 2019- February 2022 **Master Degree in Economics**, *University of Pisa and Sant'Anna School of Advanced Studies*, Pisa, 110/110 cum laudae
Two-year Master of Science in Economics, developed and jointly awarded by the Department of Economics and Management of University of Pisa and the Laboratory of Economics and Management of Sant'Anna School of Advanced Studies
- September 2015- February 2019 **Bachelor Degree in Business and Economics**, *University of Pisa*, Pisa, 106/110
Bachelor thesis: *"Gender inequality: an obstacle to global development"*

Master thesis

- title *The persistency of gender inequality and the "Shecession" in the Italian labour market: the Sovereign Debt crisis and the Covid-19 crisis in comparison*
- supervisors Prof. Andrea Roventini and Prof. Maria Enrica Virgillito
- description My master thesis consists in an empirical analysis, supplemented by a literature review and by a qualitative analysis, which aims to compare the impact that the Sovereign Debt crisis and the Covid-19 crisis had on the female employment status in Italy, with a specific focus on gender differences and educational and geographical differences among women in job losses resulting from the two crisis.

Publications

- Linnea Nelli, Maria Enrica Virgillito, and Andrea Roventini
Policy challenges and policy actions for a just climate transition five recovery plans in comparison. Technical report, Recovery watch. Foundation of European Progressive Studies, 2022.

Participation in research projects

- Ongoing **BARMETAL: Digitalization, Automatization and Decarbonization: Opportunity for strengthening collective bargaining in the metal sector** Project number: 101052331. European Commission - SOCPL-2021-IND-REL, *Scuola Superiore Sant'Anna*, Pisa
Report editing and collaboration for on field interviews
- March 2022-June 2022 **Recovery Watch**, *Forum Disuguaglianze e diversità & Foundation for European Progressive Studies (FEPS)*
2022 Member of the research group editing the policy study "*Policy challenges and policy actions for a just climate transition. Five recovery plans in comparison*", within the project *Recovery Watch* promoted by FEPS. In addition to research and editing activity, I have presented the first draft of the research project at FEPS headquarters in Brussels.

Participation in seminars and conferences

- May 2023 UNIMORE: Industry 4.0-ten years later Conference

Experience

- November 2021-January 2022 **Traineeship at INAPP (National Institute of Analysis of Public Policies)**, *INAPP*, Rome
2022 Formative traineeship deepening the knowledge of statistical tools for time series analysis
- May 2021-July (Venezia) **Traineeship at ISTAT (Italian National Statistics Bureau)**, *ISTAT*, Mestre
2021 Formative traineeship at ISTAT analysis on Italian labour market dynamics using Labour Force Survey data from ISTAT

- October 2020-February 2021 **Academic tutor in Mathematics**, *Department of Economics and Business, University of Pisa*, Pisa
2021 Preparation of exercises, frontal lectures and counseling for students at bachelor level, help in the correction and grading of exams

Eligibilities

- October 2022-June 2023 Winning candidate for the research grant for the "DISSET" project, "Socio-economic inequalities in the territory of Tuscany: resilience dynamics and policies to promote change", promoted by the European Social Fund (POR FSE), the Region of Tuscany and the University of Pisa (not accepted because of incompatibility with Ph.D. scholarship)
- October 2022-March 2023 Winning candidate for the Traineeships Program at Eurofound, Unit of Employment research, Dublin (not accepted because of the beginning of Ph.D. courses)

Statistical softwares' skills

- R *In advanced econometrics and microeconometrics courses, for the empirical analysis of my thesis*
- Stata *PhD econometric courses*
- Julia *In topics in macroeconometrics, time series analysis and forecasting models*
- Matlab *Simulation models in macroeconomics*

Languages

- Italian Mother tongue
- Swedish Mother tongue
- English C1 *I have graduated at linguistic high school, where I have studied English and English literature for 5 years and I took the Cambridge First Certificate in English. In addition, all the courses, exams and final dissertation of the Master of Science in Economics are held in English*
- German B1 *I have studied German for 5 years in high school and I have practiced it working as a receptionist in a luxury resort every summer between 2014 and 2019*
- French B2 *I have studied French for 6 years, 3 years in secondary school and 3 years in high school*

Interests

- Blog writing I am a member of the editorial board of "Rethinking Economics Italy", an international network of students, academics and professionals which promote a pluralist economics education. We have a blog and a a blog section in the "Fatto Quotidiano Blog", the blog of one of the main newspapers in Italy where I contribute with the writing, the review and the publication of the articles

Extra

- Students representative I have been one of the students' representatives during my two-year master, inter-mediating between students and professors, participating actively at meetings
- Othere experiences After my graduation in highschool, I have lived for seven months in Stockholm, where I was working and studying Swedish literature and English to obtain the equivalence of the Italian highschool degree with the Swedish one given that I am a Swedish citizen
